The Service is available for all PSA Genova Pra' Web Portal Users (Agents and Forwarders) - ( <https://online.psagp.it/>); the subject who will request for the service on PSA Genova Pra'system will receive the bill for the service. The Service is available for containers delivered by truck and bound to be shipped on vessel calling PSA Genova Pra' with a live export booking (COPARN already recorded in PSA Genova Pra'-systems).

The Service reservation is only valid for the day the weighing is requested and any booking cancellation can be done without any penalty clause up to 24hrs before the selected date for the Service.

The system has a maximum capacity of 400 weighings/day accordingly PSA Genova Pra' Gate working hours. In case of the exceeded capacity, another day can be selected.
